# Income tax rates for individuals

The Government of Canada sets the federal income tax rates for individuals. Each province and territory determines their own income tax rates.

Provincial or territorial income tax rates apply in addition to federal income tax rates.

# 2024 federal income tax rates

These rates apply to your taxable income. Your taxable income is your income after various deductions, credits, and exemptions have been applied.

There are also various tax credits, deductions and benefits available to you to reduce your total tax payable.
